

REGION 3 COUNCIL POLICY #6

TITLE: Project Review Alignment

EFFECTIVE DATE: 10/16/2019

POLICY STATEMENT:

To maximize resources and to consistently build on regional investments, it is the policy of the Region 3 Council that if a new project application is within the space of any previously-approved Region 3 funded project that is ongoing, the new application should demonstrate how the new project aligns with, extends the reach of, or fills gaps in, those previously-awarded ongoing projects. The applicant should clearly validate there is no duplication of efforts. Applicants are encouraged to connect with the leaders of previously-awarded projects and include input from them in the new application.

APPROVAL AND REVIEW: This Council policy was reviewed and approved on 10/16/2019.

SUPERSESSION: This Council policy is new.

REGION 3 COUNCIL CHAIRMAN: Randy Lail
